

Energy label for customers in
England, Scotland and Wales

Energy label for customers in
**Republic of Ireland and
Northern Ireland**

The UK energy label features the Union Jack flag and the 'ENERGY' logo with a lightning bolt. It includes a QR code, the brand 'AEG', and the model number 'SCE819E5TS 925561310'. The energy efficiency scale shows levels A through G, with level E highlighted by a black arrow pointing to it from the right. The annual energy consumption is listed as 216 kWh/annum. Below this, the cooling capacity is 62 L (represented by a snowflake icon) and the storage capacity is 214 L (represented by a milk can icon). The sound power level is 35 dB, with a class of ABCD indicated by a speaker icon. The date 2019/2016 is printed at the bottom right.

The EU energy label features the European Union flag and the 'ENERGY' logo with a lightning bolt. It includes a QR code, the brand 'AEG', and the model number 'SCE819E5TS 925561310'. The energy efficiency scale shows levels A through G, with level E highlighted by a black arrow pointing to it from the right. The annual energy consumption is listed as 216 kWh/annum. Below this, the cooling capacity is 62 L (represented by a snowflake icon) and the storage capacity is 214 L (represented by a milk can icon). The sound power level is 35 dB, with a class of ABCD indicated by a speaker icon. The date 2019/2016 is printed at the bottom right.
