Product fiche pursuant to Delegated Regulation (EU) no. 392/2012

Tumble Dryers	Answer	Units
	BEKO	Ullits
Supplier's Name or Trade Mark	BERU	
·	D1 42T202214	
Model	BM3T3822W	
Rated capacity in kg of cotton laundry for the standard cotton programme at full load	8 KG	kg
Air vented, condenser or gas fired	Heat Pump	
Energy efficiency class	A+	
Electric Only: The weighted Annual Energy Consumption - "Energy consumption "X" kWh		kWh
per year, based on 160 drying cycles of the standard cotton programme at full and partial		
load, and the consumption of the low -power modes. Actual energy consumption per cycle		
will depend on how the appliance is used"		
will depend on now the appliance is used		
Gas Only: The weighted Annual Energy Consumption - "Energy consumption "X" kWh Gas	N/A	kWh
	N/A	KVVII
per year, based on 160 drying cycles of the standard cotton programme at full and partial		
load, and the consumption of the low -power modes. Actual energy consumption per cycle		
will depend on how the appliance is used"		
Automatic tumble dryer or Non automatic tumble dryer	Automatic	
EU Ecolabel (If applicable)	-	
Energy consumption of the standard cotton programme at full and partial load	Full:	kWh
	Partial:	
Power consumption of the off-mode (P o) and on the left-on mode (P I) for the standard	Off mode:	W
cotton programme at full load	Left on Mode:	
The duration of the left-on mode if the appliance is equipped with a power management		minutes
system		
Indication that the "standard cotton programme" used at full and partial load is the	Cottoms Eco programme used at	
standard drying programme to which the information within the label & fiche relates, that		
this programme is suitable for drying normal wet cotton laundry and that it is the most	standard drying programme to	
efficient programme in terms of energy consumption for cotton	which the information within the	
emetal programme in terms of energy consumption for cotton	label & fiche relates, this	
	programme is suitable for drying	
	normal wet cotton laundry and	
	that it is the most efficient	
	programme in terms of energy	
	programme in terms of energy	
	programme in terms of energy	
	programme in terms of energy consumption for cotton	
The weighted programme time (T t) of the standard cotton programme at full and partial	programme in terms of energy	minutes
The weighted programme time (T t) of the standard cotton programme at full and partial load in minutes and rounded to the nearest minute as well as the programme time of the	programme in terms of energy consumption for cotton	minutes
	programme in terms of energy consumption for cotton Full & partial load:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the	programme in terms of energy consumption for cotton Full & partial load: Average Full load:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard	programme in terms of energy consumption for cotton Full & partial load: Average Full load:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard	programme in terms of energy consumption for cotton Full & partial load: Average Full load:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard	programme in terms of energy consumption for cotton Full & partial load: Average Full load:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class -	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class -	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class X on a scale from G (least efficient) to A (most effcient)"	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class X on a scale from G (least efficient) to A (most effcient)" If the appliance is a condenser tumble dryer, the average condensation efficiency class -	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class X on a scale from G (least efficient) to A (most effcient)"	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class X on a scale from G (least efficient) to A (most effcient)" If the appliance is a condenser tumble dryer, the average condensation efficiency class - "standard cotton programme at full and partial load"	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:	
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class X on a scale from G (least efficient) to A (most effcient)" If the appliance is a condenser tumble dryer, the average condensation efficiency class -	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:	minutes
load in minutes and rounded to the nearest minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard cotton programme at partial load (T dry 1/2) in minutes to the nearest minute If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class X on a scale from G (least efficient) to A (most effcient)" If the appliance is a condenser tumble dryer, the average condensation efficiency class - "standard cotton programme at full and partial load"	programme in terms of energy consumption for cotton Full & partial load: Average Full load: Average Partial load: Full:
